LEDVANCE

TAA COMPLIANT PRODUCTS

US Federal contracts under the GSA schedule require that all purchased products must be manufactured or “substantially transformed” in the United States or a Trade Agreements Act (TAA) “designated country.” The products in this brochure are manufactured in countries designated under TAA.

ABOUT US

LEDVANCE POWER THROUGH LIGHT

With subsidiaries in more than 50 countries and business activities in over 140 countries, LEDVANCE is one of the world's leading general lighting companies for professional customers and end-consumers. LEDVANCE stands for innovative luminaires, smart lighting solutions as well as electronic components.

For those who are passionate about harnessing the power of light, we craft intelligent and efficient lighting and energy solutions for a greener planet and a better life.

STRIVING FOR EXCELLENCE

We are proud of our powerful organization. Our people take responsibility and are willing to go the extra mile to deliver on our promises with clear ambitions in mind. Because good is not good enough if better is possible. Only then can we achieve sustainable success.

BREAKING NEW GROUND

We are engaged, agile and courageous. We leave the beaten track and take calculated risks to explore new paths. We see the rapid transformation of our industry as an opportunity for new products, new markets and new thinking. That is why we welcome lateral thinkers and reward inventiveness.

WINNING TOGETHER

We trust each other. And we talk to each other across hierarchies, divisions and departments – openly and directly. We listen, give feedback and learn from each other. We pride ourselves on our teamwork and cooperation – both within the company and with our customers. This is how we build long-term, trusted relationships.
